The S605 EFT is Sailun's premium line-haul steer tire, featuring a decoupling groove and five wide ribs for a stable ride at all speeds. Stone ejectors minimize tire damage, while extra-wide grooves and S-sipes improve traction for excellent hydroplaning resistance.

Features & Benefits

- Smartway Verified for lower rolling resistance and excellent fuel efficiency on highways.
- S-sipes improve traction in wet conditions and dissipate heat for prolonged tread life.
- Unique tread wall bite edges reduce irregular wear and improve traction.
- Stone ejectors protect tire from stone drilling.
- Decoupling groove helps to minimize irregular wear.

Applications:

- Intrastate & Interstate Buses
- Regional Trucks
- Long Distance Trucks
