The S757 represents a new generation of Sailun drive tires. The S757 is an all-weather drive tire engineered for traction and mileage in line-haul and regional service applications. The extra-wide footprint and solid shoulders improve stability and handling. The lug tread pattern and siping improves grip and the 4 zig-zag channels evacuate water away from the tread face. The S757's 26/32" tread depth provides long tread life and lower cost per mile.

Features & Benefits

- Extra-wide footprint improves handling, promotes even treadwear and long tread life.
- Extensive sipes improve traction in wet conditions and dissipates heat for prolonged tread life.
- Tie-bars on external lugs add rigidity to prevent irregular wear and improve stability.

Applications:

- Regional Trucks
- Pick-up and Delivery Trucks
- Line-Haul Trucks

S757

SUPER REGIONAL ALL WEATHER DRIVE

The new generation drive tire from Sailun, the S757 Super Regional Drive is an all-weather drive tire for line haul and regional service applications. The Sailun S757 is designed for improved traction in wet conditions due to the extensive siping. The S757 is designed to provide superior performance.
