

S825

MIXED SERVICE ALL-POSITION

The S825 is an all-position mixed service tire, engineered with a rubber compound that resists high-scrub and off-road applications. Stone ejector buttons reduce tire damage, and angled tread blocks are designed to deliver excellent wet traction.

FEATURES & BENEFITS:

- Wide footprint and unique shoulder design for improved stability.
- Interlocking lugs promote improved stability and smoother wear.
- Specially formulated compound for improved tread life.
- Stone ejectors protect tire against stone drilling.

APPLICATIONS:

- **DUMP TRUCKS**
- **REFUSE TRUCKS**
- **MIX CONCRETE TRUCKS**
- **REGIONAL TRUCKS**
