

# ABOUT US

Sailun offers a complete lineup of business solutions with unsurpassed product and unmatched customer experience in the value tire segment. We are the undisputed leader in the value tier. Our products are available in over 135 countries globally and we are ranked the twelfth largest tire manufacturer. With best-in-class warranties and support you can be sure you're getting excellent value and a product you can be confident in. We're a different kind of tire company:

- North American based engineering, testing and research and development makes us a leader in product development for exceptional performance in every application and multi-compounds
- Advanced product development and engineering improvement through dedicated Sailun-owned and operated manufacturing and research and development facilities.
- Delivering value-based tire brands by ensuring cost containment through true vertical integration
- North American Sales and Marketing support with a strong foundation of supply chain excellence
- Proven track record of quality products developed under multiple commercial tire brands
- We stand behind our engineering and quality with best-in-class warranties and support

# FOCUSED ON WHAT MATTERS TO YOU

Sailun is devoted to manufacturing commercial truck tires that provide you with unsurpassed value and savings. As a global leader in the value tier, this allows our tire brands to focus on improving your bottom line without sacrificing the quality, service and support that your business demands. Our trusted products are designed and tested in North America for North America.

# SAILUN EFT PROGRAM

# SmartWay® Verified Technologies Low Rolling Resistance Tires

EPA has demonstrated that certain low rolling resistance (LRR) tires and retread technologies can reduce both costs and emissions for long-haul class 8 tractor-trailers by 3% or more.[1]

Sailun is proud to introduce the S605 EFT, S606 EFT, S665 EFT, S668 EFT, S624 EFT, S696 EFT, S768 EFT, S753 EFT and the S705 EFT as SmartWay® Verified Low Rolling Resistance tires. At Sailun, the EFT program is our ongoing commitment to the environment and to our customers to deliver more for your investment while minimizing environmental impacts.

#### **EPA SMARTWAY® VERIFIED TECHNOLOGIES**

SmartWay® Verified Technologies, developed by the United States Environmental Protection Agency, is a public/private collaboration between the USEPA and the freight transportation industry that helps freight shippers, carriers, and logistics companies improve fuel-efficiency and save money.

[1] http://www.epa.gov/smartway/forpartners/technology.htm

# ADVANCED COMPOUND TECHNOLOGY

#### **Introducing Advanced Compound Technology**

Sailun's advanced compound technology uses a manufacturing process of mixing in a fluid state, which allows components to be mixed more evenly and optimally. This Advanced Compound Technology (ACT) in Sailun Tires enables us to optimize certain aspects of: Rolling Resistance/Fuel Economy, Mileage, and Traction without compromise to any of the attributes. Advanced Compound

Technology also delivers important sustainability benefits through a more energy efficient mixing process during production. The practical uses mean Sailun Tires using advanced compound technology are effective in both improving battery life in electric powered vehicles and reducing fuel consumption in diesel powered vehicles.

PREMIUM LINE-HAUL STEER

The S605 EFT is Sailun's premium line-haul steer tire, featuring a decoupling groove and five wide ribs for a stable ride at all speeds. Stone ejectors minimize tire damage, while extra-wide grooves and S-sipes improve traction for excellent hydroplaning resistance.

# **FEATURES & BENEFITS:**

- Decoupling groove helps to minimize irregular wear.
- S-sipes improve traction in wet conditions and dissipate heat for prolonged tread life.
- Unique tread wall bite edges reduce irregular wear and improve traction.
- Stone ejectors protect tire from stone drilling.
- Smartway Verified for lower rolling resistance and improved fuel efficiency on highways.

- LINE-HAUL TRUCKS
- INTRASTATE AND INTERSTATE BUSES
- REGIONAL TRUCKS

The S605 EFT is Sailun's premium line-haul steer tire. Uniformity istested on every tire at the factory to ensure maximum ride comfort and performance.

# WARRANTY

All Sailun products are covered by an industry leading new 8 year warranty.

# RETREADABILITY

Three Recap Casing Warranty with a Casing Retread Allowance.

\*See Sailun Medium Radial Truck Tire Limited Warranty for complete details.

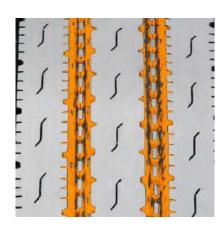

# **COMPETITIVE PRODUCTS**

Goodyear G399A, Bridgestone R283 Ecopia

S-sipes improve traction in wet conditions and dissipate heat for prolonged tread life.

Stone ejectors protect tire from stone drilling.

Decoupling groove helps to minimize irregular wear.

# PREMIUM STEER ALL-POSITION

The S606 EFT is Sailun's premium steer tire, providing superior service for both Metro/Urban deliveries. This tire features extra wide shoulders with built-in sipes for excellent stability and traction under all weather conditions. An extra deep 21/32" tread depth ensures the S606 EFT delivers exceptional mileage, while an interlocking symmetrical tread block design promotes even wear and a square footprint.

# **FEATURES & BENEFITS:**

- Wide footprint and square shoulder design for improved stability and mileage.
- Extra deep tread pattern (21/32") with special compound for extended
- Multi-sipes improve traction in wet conditions and dissipate heat for prolonged tread life.
- Unique tread wall grooves help reduce irregular wear and improve
- Stone ejectors protect tire from stone drilling.
- Smartway Verified for lower rolling resistance and improved fuel efficiency on highways.

- INTRASTATE AND INTERSTATE BUSES
- REGIONAL TRUCKS
- PICKUP AND DELIVERY TRUCKS
- TRACTOR TRAILERS

# **S665 EFT**

# STEER ALL-POSITION

The Sailun S665 EFT is an all-position radial truck tire optimized for steer axles. This tire is engineered for use in regional, interstate and metro applications on a large array of vehicle platforms.

# **FEATURES & BENEFITS:**

- · Micro-sipes within groove walls for enhanced traction in all weather conditions.
- Variable tread angles for self-cleaning and stone ejection.
- Reinforced sidewall for increased tread life.
- Smartway Verified for lower rolling resistance and improved fuel efficiency on highways.

# REGIONAL ALL-POSITION / TRAILER

The Sailun S668 EFT is a regional radial tire designed for all positions. The S668 EFT features contoured shoulders to deliver exceptional service life in the most extreme high scrub trailer applications. The contoured shoulders make the S668 EFT ideal for use on multiaxle and spread-axle trailers. This tire is engineered with our most durable rubber compound to resist lateral scrubbing throughout the service life.

# **FEATURES & BENEFITS:**

- 5-Rib tread pattern promotes stable on road performance and even tread wear.
- Solid shoulder design promotes lateral stability for all positions.
- Stone ejectors protect tire against stone drilling.
- Wide tread footprint maximizes tread life.

# FREE-ROLLING POSITION TRAILER

The S624 EFT is a premium free-rolling position trailer tire for on highway applications. The tread pattern features a decoupling groove to resist irregular wear. The rib pattern promotes long even wear and low rolling resistance. The S624 EFT utilizes new Advanced Compound Technology tread compound. Advanced Compound Technology is produced by mixing in a fluid state for the best compound dispersion. The benefit of Advanced Compound Technology is maximized mileage, wet traction and rolling resistance without compromise.

# **FEATURES & BENEFITS:**

- Decoupling grooves help minimize irregular wear.
- Micro-sipes improve traction in wet conditions and dissipate heat for prolonged tread life.
- Advanced Compound Technology for maximum mileage, wet traction and rolling resistance
- · Smartway verified

Sailun technology and quality of the S624 EFT will be approved for Smartway once verified by the U.S. EPA.

# WARRANTY

All Sailun products are covered by an industry leading new 8 year warranty.

# RETREADABILITY

Three Recap Casing Warranty with a Casing Retread Allowance.

# **COMPETITIVE PRODUCTS**

Bridgestone R197 Ecopia, Goodyear G316

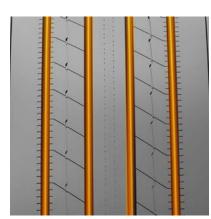

Decoupling groove helps to minimize irregular wear

Micro-sipes improve traction in wet conditions and dissipate heat for prolonged tread life

Shallow five-rib design and Advanced Compound Technology for low rolling resistance

# SAILUN

# ULTRA-WIDE BASE TRAILER

The S696-EFT is a long wearing 13/32nd tread depth tire designed for tandem trailer applications. The wide shoulder rib is designed to stand up to lateral scrubbing and resist irregular wear that is common in this application.

# **FEATURES & BENEFITS:**

- Light weight to improve fuel economy
- Long wearing for low cost per mile
- Alternative low cost option for trade trailers
- Smartway Verified

- TANDEM TRAILERS
- TAG AXLE TRAILER

# **WARRANTY**

All Sailun products are covered by an industry leading new 8 year warranty.

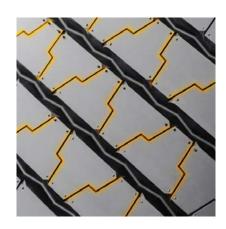

# **COMPETITIVE PRODUCTS**

Bridgestone Ecopia R135 (11/32nds), Hankook TL07 (17/32nds)

Wide Shoulder - provides stability in lateral scrub situations

Tread Sipes - Provide extra grip in wet conditions

Tread Void Area - Channel water in wet road conditions

# ULTRA-WIDE BASE DRIVE

The S705-EFT is a long wearing 26/32nd tread depth tire designed for tandem truck applications. The wide shoulder is designed to stand up to lateral scrubbing and resist irregular wear that is common in this application.

# **FEATURES & BENEFITS:**

- Light weight to improve fuel economy
- Long wearing for low cost per mile
- Alternative low cost option for trade trucks
- Smartway Verified

# **APPLICATIONS:**

• TANDEM TRACTORS

#### WARRANTY

All Sailun products are covered by an industry leading new 8 year warranty.

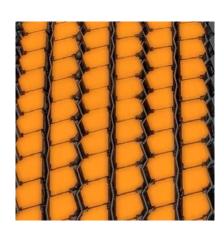

# **COMPETITIVE PRODUCTS**

Bridgestone Ecopia M835A (23/32nds), Hankook DL07 (28/32nds)

Solid shoulder resists lateral scrubbing in tandem drive axles.

Engineered tread design provides low rolling resistance and improved efficiency.

Zig-zag circumferential grooves provide additional biting edges for increased traction.

# SAILUN

# PREMIUM DEEP CLOSED SHOULDER DRIVE

The SDL70 EFT is a premium closed shoulder drive tire designed with a 240 mm wide footprint and 30/32" tread depth to deliver maximum mileage, stabilty and ride comfort. The SDL70 EFT has "slim bead" technology incorporated to reduce rolling resistance and improve fuel economy. The SDL70 EFT utilizes new Advanced Compound Technology tread compound. Advanced Compound Technology is produced by mixing in a fluid state for the best compound dispersion. The benefit of Advanced Compound Technology is maximized mileage, wet traction and rolling resistance without compromise.

#### **FEATURES & BENEFITS:**

- Wide footprint and deep tread for extended mileage.
- Slim bead" for reduced rolling resistance.
- · Advanced Compound Technology for maximum mileage, wet traction and rolling resistance.
- 3 Peak Mountain Snowflake (3PMS) certification for severe winter service.

- REGIONAL TRUCKS
- LINE-HAUL TRUCKS

Sailun SDL7 EFT uses Advanced Compound Technology to optimize wet traction, mileage and rolling resistance.

# WARRANTY

All Sailun products are covered by an industry leading new 8 year warranty.

# RETREADABILITY

Three Recap Casing Warranty with a Casing Retread Allowance.

# COMPETITIVE **PRODUCTS**

Bridgestone M726 ELA Doublecoin RLB400

Wide tread footprint.

Deep tread for extended mileage.

"Slim bead" for reduced rolling resistance.

# CLOSED-SHOULDER DRIVE

The S768 EFT is a premium closed shoulder drive tire, designed with a wide shoulder featuring tapered lateral edges for enhanced lateral stability. The S768 EFT also features stone ejector buttons that reduce stone retention, and an extra-deep tread depth for enhanced tread life.

# **FEATURES & BENEFITS:**

- Wide footprint and square shoulder design for improved stability and mileage.
- Extra deep tread pattern with special compound for extended tread life.
- Multi-sipes improve traction in wet conditions and dissipate heat for prolonged tread life.
- Stone ejectors protect tire from stone drilling.
- Smartway Verified for lower rolling resistance and improved fuel efficiency on highways.

# **COMPETITIVE PRODUCTS**

Bridgestone M710 Ecopia, Goodyear G362

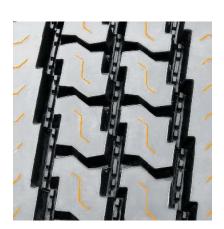

Stone ejectors protect tire from stone drilling

Extra deep tread pattern with special compound for extended tread life

Multi-sipes improve traction in wet conditions and dissipate heat for prolonged tread life

# SUPER REGIONAL ALL WEATHER DRIVE

The S757 represents a new generation of Sailun drive tires. The S757 is an all-weather drive tire engineered for traction and mileage in line-haul and regional service applications. The extra-wide footprint and solid shoulders improve stability and handling. The lug tread pattern and siping improves grip and the 4 zig-zag channels evacuate water away from the tread face. The S757's 26/32" tread depth provides long tread life and lower cost per mile.

# **FEATURES & BENEFITS:**

- Extensive sipes improve traction in wet conditions and dissipate heat for prolonged tread life.
- Tie-bars on external lugs add rigidity to lugs to prevent irregular wear and improve stability.
- Extra-wide footprint promotes stability, improved handling, even treadwear, and long tread life.
- 3PMS certified for all weather conditions.

Tread pattern promotes self-cleaning and resists stone drilling.

### REGIONAL METRO ALL-WEATHER DRIVE

The Sailun S740 premium regional drive is one of the first light commercial truck tires to receive the 3 Peak Mountain Snowflake (3PMSF) certiciation. The S740's combination of aggressive tread block design and extensive siping make this tire ideal for wet, mud, snow and ice conditions. The 3PMSF symbol lets you know that this is a superior perfoming all weather tire that has met the requirements for severe snow service.

#### **FEATURES & BENEFITS:**

- Extensive sipes in tread pattern for exceptional ice and snow traction.
- Aggressive tread blocks for outstanding snow and mud handling.
- Open tread pattern cleans out well in snow and mud conditions.
- 3 Peak Mountain Snowflake denotes a true winter tire.

## REGIONAL METRO DRIVE

The S737SP is a regional pickup and delivery drive tire, enhanced to extend tire life and improve retreadability with sidewall protection ribs that withstand curb abrasion and sidewall cuts common in the Last Mile Delivery segment. Certified with the three-peak mountain snowflake (3PMSF) symbol, the S737SP meets the industry's severe snow service requirements ensuring year-round traction in all weather conditions.

#### **FEATURES & BENEFITS:**

- Integrated tie bars reduce irregular wear and promote increased stability.
- Angled lug and siping design improves overall traction and wet grip.
- 3 Peak Mountain Snowflake denotes a true winter tire.
- Sidewall protector ribs offer curb abrasion resistance

Stone Ejectors to prevent stone retention and casing damage.

Tread design optimized for both traction and long life.

Wide shoulder construction to resist scrub wear.

# MIXED SERVICE ALL-POSITION

The Sailun S826 wide base tire delivers exceptional performance in mixed service applications. The S826 is engineered with a 4-belt package to deliver superior resistance to shocks and penetrations. Its aggressive tread design provides excellent traction off-road and on. The S826 features wide circumferential grooves which deliver enhanced wet traction. The tread grooves are engineered with "stone ejectors" to prevent stone drilling for a long casing life and improved retreadability. The S826 is designed to handle severe service applications such as heavy construction, dump trucks, ready-mix trucks and regional trucks.

#### **FEATURES & BENEFITS:**

- Interlocking lugs promote improved stability and smoother wear.

Interlocking lugs promote improved stability and smoother wear.

Stone ejectors protect tire against stone drilling.

Specially formulated compound for improved tread life.

## MIXED SERVICE ALL-POSITION

The S825 is an all-position mixed service tire, engineered with a rubber compound that resists high-scrub and off-road applications. Stone ejector buttons reduce tire damage, and angled tread blocks are designed to deliver excellent wet traction.

#### **FEATURES & BENEFITS:**

- Wide footprint and unique shoulder design for improved stability.
- Interlocking lugs promote improved stability and smoother wear.
- Specially formulated compound for improved tread life.
- Stone ejectors protect tire against stone drilling.

- DUMP TRUCKS
- REFUSE TRUCKS
- MIX CONCRETE TRUCKS
- REGIONAL TRUCKS

The Sailun guarantee; a consistently uniform wide base tire with extra strong casing designed for durability.

### WARRANTY

All Sailun products are covered by an industry leading new 8 year warranty.

#### RETREADABILITY

Three Recap Casing Warranty with a Casing Retread Allowance.

\*See Sailun Medium Radial Truck Tire Limited Warranty for complete details.

#### **COMPETITIVE PRODUCTS**

Goodyear G296 MSA, Bridgestone M854/M844

Interlocking lugs promote improved stability and smoother wear.

Stone ejectors protect tire against stone drilling.

Specially formulated compound for improved tread life.

# SAILUN

# **S758**

### ON/OFF-ROAD TRACTION

The S758 is designed for severe off-road traction applications. With an extra-deep 31/32" tread depth and a rubber compound engineered to resist the most demanding environments, the S758 is ideal for construction, logging, and off-road environments. Stone ejectors resist the damages caused by stone retention, and an open shoulder with tapered sidewalls aid in lateral stability.

#### **FEATURES & BENEFITS:**

- Open groves to maximize self-cleaning.
- Stone ejectors protect tire against stone drilling.
- Extra deep tread (31/32") tread depth.
- M&S lug pattern designed specifically for on and off road applications.

- DUMP TRUCKS
- LOGGING TRUCKS
- MIX CONCRETE TRUCKS

#### **COMPETITIVE PRODUCTS**

Bridgestone M775

Stone ejectors protect tire against stone drilling.

Open groves to maximize self-cleaning; extra-deep tread (31/32") tread depth.

M&S lug pattern designed specifically for on and off-road applications.

# **S917**

# ON/OFF-ROAD TRACTION

The Sailun S917 drive tire has been engineered to perform in demanding off-road conditions such as mining, construction and logging applications. The S917 features an aggressive multi-lug tread design for exceptional off-road traction and an enhanced rubber compound to resist cuts and chunking. Open shoulder ribs deliver superior stability and resistance to uneven wear. The S917's deep 31/32" tread depth provides long tread life and an exceptional cost per mile.

#### **FEATURES & BENEFITS:**

- Aggressive multi-lug design.
- Deep tread depth for excellent tread life.
- Open shoulder design for excellent traction.

- LOGGING TRUCKS
- READY MIX TRUCKS
- REFUSE TRUCKS
- DUMP TRUCKS

# *SDM80*

### MIXED SERVICE ALL-POSITION

The Sailun SDM80 tire is engineered for high scrub mixed service applications. The stabilized shoulder and tread block design provide resistance to scrub wear in operations with copious twisting and turning. The stone protectors at the base of the tread void aide in reducing stone damage. The SDM80 is designed to handle severe service applications such as heavy construction, dump trucks, ready-mix trucks and waste trucks.

#### **FEATURES & BENEFITS:**

- Designed for highway and mixed road surfaces.
- Stabilized tread design to minimize scrub wear.
- Open shoulder for traction in all conditions.
- · Stone protectors for extended casing life and retreadability.

#### MEDIUM RADIAL TRUCK LIMITED WARRANTY

Applies to tires purchased on or after March 1, 2022

#### **ELIGIBILITY**

This limited warranty provides two separate coverage benefits: (1) a limited warranty with respect to defects in material, workmanship or design; and (2) a limited radial casing retread warranty. The limited warranty with respect to defects in material, workmanship or design has a full replacement period (minus taxes and some associated costs) and a prorated period. You are eligible for the Sailun Medium Radial Truck Tire ("Tire") limited warranty benefits if you purchased the Tire on or after March 1, 2020. And, in addition, you are the original owner of this Tire, it bears the prescribed Department of Transportation (DOT) identification number, it has been continuously installed on the vehicle on which it was originally installed, and no warranty exclusion or exception applies.

#### LIMITED WARRANTY AGAINST DEFECTS-NON-PRORATED

Sailun Tire Americas (STA) shall replace an eligible Sailun Medium Radial Truck Tire covered by this limited warranty that becomes unserviceable due to a defect in design, workmanship, or material **during** the first 50% of the original usable tread life (defined as the original tread depth minus 2/32") with a comparable new Sailun tire without charge for the Tire. If a new comparable Sailun Medium Radial Truck Tire is not available, STA shall replace it with a comparable tire marketed by TBC Corporation, a distributor of Sailun tires, without charge for the Tire. Fees and/or taxes associated with the mounting and balancing of the replacement tire may apply. Please see the service provider for cost details.

#### LIMITED WARRANTY AGAINST DEFECTS-PRORATED

STA shall replace an eligible Sailun Medium Radial Truck Tire covered by this limited warranty that becomes unserviceable due to a defect in design, workmanship, or material **after** the first 50% of the original tread life on a prorated basis. The amount of the allowance is determined based on the percentage of the original "Useable Tread" remaining when the tire is presented for adjustment. The percentage allowance is applied to the purchase price of a comparable new Sailun Medium Radial Truck Tire or other comparable tire brand marketed by TBC Corporation. You are responsible for paying for the price of the warranty replacement tire after the appropriate warranty allowance is deducted plus the charges for mounting and balancing the replacement tire as well as any applicable fees and/or taxes. The benefits of this limited warranty for defects in design, material and workmanship terminate once the Useable Tread of a Sailun Medium Radial Truck Tire has been exhausted or eight (8) years from date of manufacture indicated on the tire, whichever is earlier.

#### COMPUTING REMAINING USEFUL TREAD

The remaining "Useful Tread" of your Sailun Medium Radial Truck Tire is computed as a percentage of the original tire's usable tread depth. These depths vary by tire size. The original usable tread does not include the last 2/32nd inch (1.6 millimeters) of tread depth because tires become unsafe for use and must be replaced to avoid accident or injury when the tread depth remaining is 2/32" or less. Because tires do not always wear evenly, tread depth may vary depending where on the tire's tread depth is measured. The lowest depth on the tire is used to determine the remaining tread life for purposes of warranty replacement.

#### LIMITED RADIAL CASING RETREAD WARRANTY

The Limited Radial Casing Retread Warranty terminates after an eligible Tire has been retreaded three (3) times or eight (8) years after the manufacture date on the Tire, whichever occurs first. TBC Corporation will apply a radial casing warranty allowance to the purchase price of a new Sailun Medium Radial Truck Tire or a comparable new tire if your Sailun Medium Radial Truck Tire cannot be retreaded due defects in design, workmanship

or materials prior to termination of this Limited Radial Casing Retread Warranty. The number of times the Tire has been retreaded must be clearly identified on the casing sidewall. The limited retread warranty coverage of the radial casing of your new Sailun Medium Radial Truck Tire may continue beyond the end of the tire's original useful tread life. **Exclusion**: Sailun Medium Radial Truck used in off-highway service (such as mining & logging) **are excluded** and the tires are not covered under this Limited Radial Casing Retread Warranty. TBC Corporation will provide the following predetermined radial casing allowances for the first retread if this limited warranty applies:

TIRE SIZE	CASING ALLOWANCE
235/85R16, 215, 235/75R17.5	\$15.00
225, 245, 265/70R19.5	\$30.00
255, 275/70R22.5	\$65.00
10R22.5	\$45.00
11R22.5, 295/75R22.5	\$65.00
12R22.5	\$70.00
11R24.5	\$70.00
285/75R24.5	\$75.00
315/80R22.5	\$70.00
385/65R22.5	\$75.00
425, 445/65R22.5	\$80.00
445/50R22.5*	\$80.00

# Casing value is reduced by 50% of the above values after the second retread.

\*445/50R22.5 casing warranty up to the point of buff for second retread.

#### **DEFINITION OF A COMPARABLE TIRE**

For the purposes of your limited warranty against defects in design, workmanship, and materials and the limited radial casing warranty, a "comparable" tire will be supplied if a matching new Sailun Medium Radial Truck Tire is out of production or is unavailable when the Tire is presented for warranty replacement. In which case, the warranty replacement tire may be substituted and will be a tire of equal price, quality and construction. A comparable tire may also have a different sidewall or tread configuration. If the purchaser requests a higher-priced replacement tire instead, the purchaser must pay the price difference for the "upgrade" after the appropriate prorated allowance has been deducted.

#### WARRANTY EXCLUSIONS AND LIMITATIONS (NON-ELIGIBILE)

The exclusions and limitations on the applicability of this limited warranty with respect to defects in material, workmanship or design set forth in this section and other sections should be read carefully because they may determine whether you are entitled to a warranty replacement or a warranty replacement allowance. The limited warranty with respect to defects in material, workmanship or design provided for the Sailun Medium Radial Truck tire you purchased does not apply if the tire failed because of any one of the following:

- tires installed on a vehicle registered or normally used outside the United States
- the tire was transferred to another vehicle after it was originally installed
- the tire is branded as "Blemish" or "NA" or the molded DOT number has been removed or disfigured

- · the tire was repaired only with a self-vulcanizing plug, improper section repairs or in a manner that does not comply with U.S. Tire Manufacturers Association standards
- tire failures caused by road hazard, potholes, or collision damage
- vandalism, theft, off-road use, long-term improper storage or other abuse
- improper mounting procedures or applications
- over and under inflation, overloading, or failure to maintain proper tire pressure
- addition of liquids, solids or gases (other than air, nitrogen, carbon dioxide) such as sealers or balancing materials
- ozone or weather cracks or checking occurring four (4) years after the date of purchase or, if that proof is not available, four (4) years after the DOT serial date
- mechanical failures of the vehicle on which the tires was originally installed, improper alignment, or brake and shock failure of said vehicle
- the rim on which the tire is mounted is defective or fails
- tires with "irregular tread wear" (which is defined as a tread groove depth differences of 2/32nds of an inch or more on the same tire)
- tires submitted for ride disturbance complaints after 2/32" of tread wear or 12 months from date of purchase, whichever occurs first

NOTE: THIS WARRANTY GIVES YOU SPECIFIC RIGHTS WHICH VARY FROM STATE TO STATE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIM-ITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGE OR HOW LONG AN IMPLIED WARRANTY MAY LAST SO CERTAIN LIMITATIONS OR EX-CLUSIONS HEREIN MAY NOT APPLY TO YOU. HOWEVER, TO THE EXTENT PERMITTED BY THE LAWS OF YOUR STATE, SAILUN AND TBC CORPORA-TION DISCLAIM ALL WARRANTIES EXPRESS OR IMPLIED OTHER THAN THE WARRANTIES STATED IN THIS LIMITED WARRANTY, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. ANY IMPLIED WARRAN-TY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE IS LIMITED IN DURATION AND EXPIRES WHEN THE TIRE'S USEABLE TREAD IS EXHAUSTED AS SPECIFIED IN THIS LIMITED WAR-RANTY. TO THE EXTENT PERMITTED BY LAW, THIS WARRANTY DOES NOT COVER AND EXPRESSLY EXCLUDES ANY COVERAGE OR LIABILITY FOR PUNITIVE DAMAGES, FOR LOSS OF TIME, INCONVENIENCE, LOSS OF USE OF YOUR VEHICLE OR TIRE, LOST PROFITS, OR ANY OTHER INCI-DENTAL OR CONSEQUENTIAL DAMAGES. THIS IS THE ONLY WARRANTY THAT APPLIES TO THE SAILUN MEDIUM TRUCK TIRES PURCHASED BY YOU AND SUPERSEDES AND REPLACES THE TERMS OF ANY PREVIOUS WARRANTY. NOTHING IN THIS LIMITED WARRANTY IS INTENDED TO BE A REPRESENTATION THAT TIRE FAILURES CANNOT OCCUR. SAILUN AND/ OR TBC CORPORATION NEITHER ASSUMES NOR EXTENDS, NOR AUTHO-RIZES ANY OTHER PERSON OR ENTITY TO ASSUME OR EXTEND ON ITS BEHALF, ANY OTHER OR DIFFERENT WARRANTY OBLIGATION.

This Limited Warranty is the entire warranty given by STA. - The complete obligations are set forth herein. No one has the authority to imply, suggest, agree, represent, warranty or promise anything contrary to the terms of this Limited Warranty.

#### **OWNERS OBLIGATIONS**

To make a claim under this Limited Warranty, you must present the warranted tire to an authorized Sailun Medium Radial Truck Tire dealer for adjustment along with the following items: proof of purchase showing that you purchased the Tire and the vehicle on which the Tire was originally installed. Your original invoice when you purchased the Tire should contain this information. You are responsible for payment for any extra products, services, or upgrades, including any fees and taxes related thereto, that you request that are not covered by the Limited Warranty.

#### ADJUSTMENT PROCEDURE

Please contact the original retailer from whom the tire was purchased to inspect the tire and review the warranty claim. If the retailer is not accessible, you may call 1-800-238-6469 and speak to TBC Corporation's Consumer Relations department. A product Warranty Specialist will confirm the Sailun Tire, and discuss your tire issue with you based on the Sailun Limited Warranty. They will find a Sailun Medium Radial Truck Tire dealer nearest you to whom you may take your Sailun Medium Radial Truck Tire for inspection and any applicable warranty adjustment.

Because TBC Corporation values customer service, TBC Corporation will work with the tire dealer to supply a replacement Sailun Medium Radial Truck Tire or comparable tire in an efficient manner.

#### IMPORTANT SAFETY INFORMATION

Although any tire, no matter how well constructed, may fail due to many reasons, including but not limited to, road hazards like nails, pot holes or road debris and improper installation, maintenance or service, which could create the risk of property damage and/or serious or fatal injury, in an effort to help to keep you safe, here is a non-exhaustive list of practices with which you should comply:

- ONLY HAVE PROFESSIONALLY TRAINED PERSONNEL MOUNT AND BALANCE TIRES.
- · Property damage and serious or fatal injury can also result from improper tire mounting and inflation procedures which can cause the tire beads to break with explosive force during installation of the tire on the wheel rim. This can also occur when tire size is not properly matched to the wheel's rim. Serious injury or damage can also occur if wheel rim and tire bead are not properly lubricated prior to installation or maximum tire pressure is exceeded when seating the tire bead on the rim.
- Never drive on tires that have less than 2/32nds of an inch of tread remaining; replace tires as soon as the tread reaches the tread wear indicators molded into the tread grooves of the tire which reveal when the tread depth remaining is 2/32nds of an inch.
- · Proper tire inflation is essential. Under-inflation produces flexing of sidewalls and builds up heat to the point that premature tire failure may occur. Over-inflation can cause the tire to be more susceptible to impact damage, but do not reduce pressure when tires are hot.
- Check air pressure at least monthly when tires are "cold" a "cold" tire is one that has been stationary typically for a minimum of 2 hours or driven less than 2 miles. Use an accurate tire air pressure gauge.
- Never overload the tires. The maximum load capacity and maximum inflation pressure are molded into the sidewall of your tire. Overloading a tire will result in the build up of excessive heat, which can lead to early tire failure. Overloading a tire will render a tire ineligible for warranty.
- · Avoid damaging objects (potholes, glass, rocks, curbs, etc.), which may cause internal tire damage. Continued use of a tire that has suffered internal damage (which may not be visible externally) can lead to serious/ dangerous tire failure.
- · Inspection and the determination of the internal damage to a tire requires dismounting of the tire from the wheel and examination - all of which should be done only by a tire professional.
- Excessive speeds create heat buildup in a tire, leading to possible tire failure. "Excessive speed" is a speed that does not take into consideration the weight of the load/and or the condition of the road you are traveling on. Never travel above the legal posted limit and slow down to a proper speed accordingly.
- Properly load and distribute the weight of the load in your vehicle. Improper weight distribution can have adverse affects on the safety of the vehicle and the performance of the tires.
