

S696 EFT

TOP Super Single Trailer

The S696-EFT super single trailer tire delivers exceptional performance in line haul trailer applications. This tire is engineered with a wide shoulder rib for stability and resistance to lateral scrub wear. The tread grooves channel water away from tread footprint in wet conditions. The 13/32" tread depth is optimized for even wear and long mileage in highway trailer applications.

The EcoPoint³ tread compound provides industry leading low rolling resistance without compromising tread mileage. This super single is an ideal tire for long-haul highway trailer axle applications for optimizing rolling resistance and mileage. This tire is also ideal for trailers being returned off lease where a new tire is required.

Features & Benefits

- Smartway verified tire.
- Shallow tread reduces irregular wear.
- EcoPoint³ tread compound for low rolling resistance.
- Solid shoulder ribs minimize scrub wear.

APPLICATIONS

- ✓ Tandem Axle Trailers
- ✓ Single Axle Trailers
