

PRODUCT BREAKDOWN

Technical Optimization of Performance Built for Long-Haul. Engineered to Outperform.

SFL70 EFT

Wide circumferential grooves deliver exceptional wet traction.

Decoupling groove reduces uneven wear.
230mm tread width.

EcoPoint³ tread compound for low rolling resistance and enhanced mileage.

SDL70 EFT

Wide footprint and deep tread for extended mileage.

"Slim bead" for reduced rolling resistance.

EcoPoint³ tread compound for maximum mileage, wet traction and rolling resistance
3 Peak Mountain Snowflake (3PMS) certification for severe winter service.
Smartway verified tire.

S705 EFT

Smartway verified tire.

Deep tread depth for excellent tread life.

Solid shoulders resist uneven wear.

EcoPoint³ tread compound for low rolling resistance and maximum mileage.

S696 EFT

Smartway verified tire.

Shallow tread reduces irregular wear.

EcoPoint³ tread compound for low rolling resistance.

Solid shoulder ribs minimize scrub wear.

STL70 EFT

Shallow tread reduces irregular wear.

Slim Bead casing reduces rolling resistance. Decoupling groove minimizes irregular wear.

EcoPoint³ tread compound for low rolling resistance. Micro-sipes improve traction in wet conditions and dissipate heat for prolonged tread life.

WHY CHOOSE THE TOP LINE?

- ✓ Lowest Rolling Resistance in Commercial Truck Tires
- ✓ Exclusive EcoPoint³ Compound with Liquid Phase Mixing
- ✓ Slim Bead Technology for Lightweight, Fuel-Saving Casings
- ✓ Purpose-Built Designs for Every Axle Position
- ✓ Backed by Sailun's Global R&D and Proven Field Performance

SFL70 EFT

TOP Premium STEER

The Sailun SFL70 EFT is a premium steer tire engineered to deliver long tread wear and excellent handling characteristics. The SFL70 EFT's 230mm tread width, micro-sipes and redesigned decoupling groove minimize irregular wear. The EcoPoint³ tread compound provides industry leading low rolling resistance without compromising tread mileage.

The Slim Bead casing design lowers casing weight to improve fuel efficiency without compromising durability. The SFL70 EFT is an ideal tire for long-haul highway steer axle applications where handling and wear uniformity are critical.

APPLICATIONS

- ✓ Regional Trucks
- ✓ Line-Haul Trucks

Features & Benefits

- Wide circumferential grooves deliver exceptional wet traction.
- Decoupling groove reduces uneven wear.
- 230mm tread width.
- EcoPoint³ tread compound for low rolling resistance and enhanced mileage.

CODE	SIZE	LI/SR	PR	TD	RIM	OD	SW	SLR	LCC 1X	LCC 2X	AP

SDL70 EFT

TOP Premium Deep Closed Shoulder Drive

The SDL70 EFT is a premium closed shoulder drive tire designed with a 240mm wide footprint and 30/32" tread depth to deliver maximum mileage, stability and ride comfort.

The SDL70 EFT has "slim bead" technology incorporated to reduce rolling resistance and improve fuel economy. The EcoPoint³ tread compound is produced by using a proprietary liquid phase mixing technology for the best compound dispersion.

The benefit of EcoPoint³ is maximized mileage, wet traction and rolling resistance without compromise to any of the other attributes. SDL70 EFT is best suited for on highway long haul and regional applications.

APPLICATIONS

- ✓ Regional Trucks
- ✓ Line-Haul Trucks

Features & Benefits

- Wide footprint and deep tread for extended mileage.
- "Slim bead" for reduced rolling resistance.
- EcoPoint³ tread compound for maximum mileage, wet traction and rolling resistance 3 Peak Mountain Snowflake (3PMS) certification for severe winter service.
- Smartway verified tire.

S705 EFT

TOP Super Single Drive

The S705 EFT super single drive tire delivers exceptional performance in line haul highway applications. The tire is engineered to wear evenly for long tread life. The solid shoulder provides stability for vehicle handling and control. The center-lug tread pattern enhances traction.

The EcoPoint³ tread compound provides industry leading low rolling resistance without compromising tread mileage.

The S705 EFT super single is best suited for long-haul highway drive axle applications for optimizing rolling resistance and mileage. This tire is also ideal for trucks being returned off lease where a new tire is required.

Features & Benefits

- Smartway verified tire.
- Deep tread depth for excellent tread life.
- Solid shoulders resist uneven wear.
- EcoPoint³ tread compound for low rolling resistance and maximum mileage.

APPLICATIONS

✓ Line-Haul Trucks

CODE	SIZE	LI/SR	PR	TD	RIM	OD	SW	SLR	LCC 1X	LCC 2X	AP
6690145	445/50R22.5	161 L	20	26	14.00	40.3	17.5	18.9	10,200	-	120

S696 EFT

TOP Super Single Trailer

The S696-EFT super single trailer tire delivers exceptional performance in line haul trailer applications. This tire is engineered with a wide shoulder rib for stability and resistance to lateral scrub wear. The tread grooves channel water away from tread footprint in wet conditions. The 13/32" tread depth is optimized for even wear and long mileage in highway trailer applications.

The EcoPoint³ tread compound provides industry leading low rolling resistance without compromising tread mileage. This super single is an ideal tire for long-haul highway trailer axle applications for optimizing rolling resistance and mileage. This tire is also ideal for trailers being returned off lease where a new tire is required.

Features & Benefits

- Smartway verified tire.
- Shallow tread reduces irregular wear.
- EcoPoint³ tread compound for low rolling resistance.
- Solid shoulder ribs minimize scrub wear.

APPLICATIONS

- ✓ Tandem Axle Trailers
- ✓ Single Axle Trailers

CODE	SIZE	LI/SR	PR	TD	RIM	OD	SW	SLR	LCC 1X	LCC 2X	AP
6690144	445/50R22.5	161 M	20	13	14.00	40.0	17.5	18.8	10,200	-	120

STL70 EFT

TOP Premium Line-Haul Trailer

The STL70 EFT is designed specifically for on highway trailer applications.

The EcoPoint³ tread compound provides industry leading low rolling resistance without compromising tread mileage. The newly designed decoupling groove aids in minimizing irregular tread wear. Micro sipes along tread ribs help the tire run cool and minimize river wear. The Slim Bead casing design lowers casing weight to improve fuel efficiency without compromising durability.

The STL70 EFT is an ideal tire for long-haul highway trailer axle applications where low rolling resistance and even wear are essential.

Features & Benefits

- Shallow tread reduces irregular wear.
- Slim Bead casing reduces rolling resistance.
- Decoupling groove minimizes irregular wear.
- EcoPoint³ tread compound for low rolling resistance.
- Micro-sipes improve traction in wet conditions and dissipate heat for prolonged tread life.

APPLICATIONS

- ✓ Line-Haul Trailers (Tandem)
- ✓ Line-Haul Trailers (Single)
