S705 EFT

TOP SUPER SINGLE DRIVE

The S705 EFT super single drive tire delivers exceptional performance in line haul highway applications. The tire is engineered to wear evenly for long tread life. The solid shoulder provides stability for vehicle handling and control. The center-lug tread pattern enhances traction. The EcoPoint3 tread compound provides industry leading low rolling resistance without compromising tread mileage. The S705 EFT super single is best suited for long-haul highway drive axle applications for optimizing rolling resistance and mileage. This tire is also ideal for trucks being returned off lease where a new tire is required.
